A BRIEF HISTORY

The first inhabitants of Australia arrived from the north approximately 40,000 to 60,000 years ago. Prior to the arrival of Europeans, Western Australia was occupied solely by Indigenous Australians who had lived peacefully and in harmony with the land for tens of thousands of years.

Indigenous Australians have a rich history and culture that is well worth exploring. Like so many Indigenous cultures of the 18th and 19th centuries, things were about to change.

In March 1827, Captain James Stirling of the Royal Navy arrived in the Swan River and discovered a land that possessed great natural attractions, in contrast to the previous Dutch and French navigators who described New Holland (a name given to Australia by the Dutch) as sterile, forbidding and inhospitable.

This landing and subsequent report by Stirling to His Majesty's Government back in England, led to the foundation of the Swan River Settlement in June 1829.

Using the Swan River for transport, three towns were formed, Perth, Fremantle and Guildford. Fremantle, 20 kilometres downstream on the coast served as the colony's functional port and Guildford, 20 kilometres to the east was chosen to supply produce to the surrounding region because of the rich, fertile soil found in the Swan Valley.

Experiencing severe labour shortages, the British sent convicts to Western Australia between 1850 and 1868 to help establish settlements. 9721 convicts were transported to WA on 43 convict voyages. Between 1850 and 1868 Western Australia was a Penal Colony. The convicts were involved in a significant amount of infrastructure such as the Fremantle Prison, Government House, The Cloisters, the Swan River Mechanics' Institute and the Perth Town Hall.

The Noongar people have a rich cultural heritage that offer visitors an experience found nowhere else in the world, and have forged a strong identity that resonates throughout the state. View the Indigenous art at the Art Gallery of WA, the WA Museum and the Aboriginal Art Gallery in Kings Park. Visit the Charnock Woman, a 25 metre pavement mosaic in Victoria Gardens, East Perth, or the Yagan statue on Heirisson Island.

It took until the turn of the century to explore most of the state. In 1890, gold was discovered in the Kimberley and Kalgoorlie. This led to a population explosion and established Perth as the colony's trade capital, with Fremantle having to upgrade the harbour to cope with increased demand. Most of Fremantle's original architecture can still be seen today lovingly restored.

With the advent of the Second World War, the 1940s initiated a huge demand for minerals and WA had plenty. Lead, iron ore, diamonds, nickel, mineral sands, oil & gas, with some of the biggest mining and exploration companies in the world having offices in Perth. Western Australia's economy still relies heavily upon the natural resources sector.

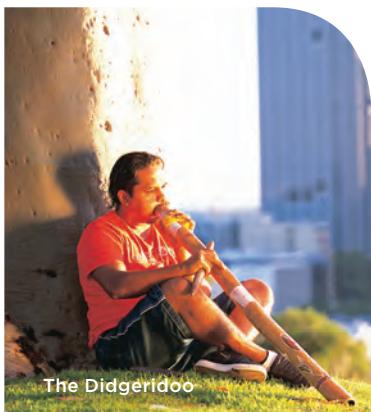

The Indigenous Cultures of Australia are the oldest living culture in the world. Indigenous communities kept their cultural heritage alive by passing their knowledge, arts, rituals and performances from one generation to another, through storytelling, painting and dance.

Since white settlement and the subsequent loss of their land and disconnection from their traditional way of life, Indigenous Australians are one of the most disadvantaged groups in society today.

Indigenous Australian's vision is for Australia to respect the rights, culture and contribution of the Aboriginal people, and many areas of society are working towards improving relations and solving the problems they face.

Reconciliation involves all sectors of the community working together to achieve positive outcomes for all Australians.

FREMANTLE

Fremantle is WA's chief port and is situated at the mouth of the Swan River, just 25 minutes west of Perth.

Cosmopolitan, friendly Fremantle was founded in 1829 by Captain Charles Howe Fremantle, in a ceremony which claimed the entire west coast "New Holland" in the name of King George IV. Convict labour was used to build many of the original buildings such as the Fremantle Prison and Fremantle Arts Centre, and with the arrival of the gold rush, Fremantle soon developed into a thriving port.

Fremantle is much more than an architectural time capsule. Full of colour and a relaxed and casual atmosphere with busy restaurants and bars trading all hours of the day and night, one of the most intriguing aspects is that it is still possible to walk down streets that have remained virtually unchanged since the mid-19th century.

Browse through historic markets, bookstores and local designer boutiques. Enjoy fresh fish and chips and succulent seafood at the Fishing Boat Harbour, pizza and pasta at the Cappuccino Strip, world famous coffee at one of the many cafes, or visit one of the stylish microbreweries such as Little Creatures, who offer an incredible range of amber ales.

Learn Fremantle's history and visit a selection of museums such as the Maritime, Shipwreck or the Army Museum. Enjoy a free concert at the Fremantle Arts Centre, a swim in the ocean at Bathers Beach, or simply enjoy the lovely warm weather in one of Fremantle's shady parks.

Fremantle Prison and The Roundhouse offer historic tours or take a guided Tram ride to experience more of the city. See the following pages for a selection of attractions and activities or drop into the Fremantle Visitor Centre in Kings Square.

FREMANTLE FISHING BOAT HARBOUR

FISHING BOAT HARBOUR

The Fishing Boat Harbour is Australia's largest small boat harbour and is home to a wide range of commercial fishing vessels. The Harbour was built in 1919 and many of the fishing enterprises are descended from the Italian towns of Molfetta on the Adriatic Sea, and Capo d'Orlando in Sicily.

Many families of the original fisherman still fish out of Fremantle today. The Fishing Boat Harbour was actually a small fishing industry until it was subject to worldwide focus following Australia II winning the America's Cup, which resulted in major development over a very short period of time.

The Harbour today is still a very busy working port, and is home to over a dozen restaurants, the Shipwreck Museum, a fresh fish market, accommodation and a brewery. Shop for freshly caught seafood, soak up the ambiance and watch the fishing boats come and go while enjoying the world's finest fresh fish. See the following pages for a selection of dining choices.

ROTTNEST ISLAND

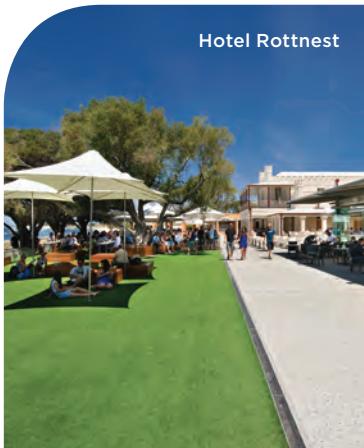

Rottnest Island was inhabited by Aboriginal people until rising sea levels separated the island from the mainland about 7,000 years ago. The first records of human occupation of Rottnest Island are from more than 6,500 years ago.

The first Europeans took up residence on the Island shortly after the first settlement of the Swan River Colony in 1829. In June 1839 the Island became a penal establishment for Aboriginal people. Over the prison period, the Aboriginal prisoners constructed a large number of buildings and other structures, until the prison closed in 1904.

Rottnest Island is located 18 kilometres off the Western Australian coast. A popular holiday destination, it's a relaxed, car free island offering world class beaches and stunning bays, swimming, snorkeling and bike riding. Ferries will take you from Perth, Fremantle and Hillarys Boat Harbour, either for a day trip or there is plenty of accommodation to choose from.

With a prime Rottnest Island location on Thomson Bay there is no better place to relax after a hard day's exploring than Hotel Rottnest. A spectacular view is complemented by the stunning new bars in the beautifully restored historic building, offering great food, wines and cold beer.

The quokka is native to Rottnest Island and looks like a pint sized kangaroo. William de Vlamingh, who in 1696 was the next recorded European visitor to Rottnest, gave the Island its name 'Rotte nest' (meaning 'rat's nest') after the abundance of quokkas he saw, mistaking them for rats. MANDURAH

Less than an hour from Perth, Mandurah is a vibrant tourist destination and also a popular weekend getaway for locals. With plenty of quality waterside restaurants, clear blue water, spectacular beach sunsets, wildlife, numerous activities for the family, plenty of accommodation choices and a relaxed, holiday atmosphere, Mandurah offers something for everyone.

The Mandurah area was originally home to the Binjareb people, of the Bibbulmun nation. It was then known as Mandjooogoordap, which translates to 'meeting place of the heart'. In 1828, Englishman Thomas Peel established a small settlement at the mouth of the Peel-Harvey Estuary, that was to become Mandurah. In the late 1800's, the quiet fishing village carved an existence from fishing, farming and canneries.

Holiday makers increasingly traveled from Perth and beach houses sprouted along the coast. The pastoral land has since been transformed into canals lined with multi million dollar homes and the estuary was reshaped into a vibrant marina complex.

The city centre foreshore is home to a variety of wildlife including dolphins, pelicans, shags, and an abundance of marine life including the blue manna crab which has become synonymous with the area. The marina precinct offers waterside leisure and shopping just

a short walk from the city centre. Mandurah is easily accessible by train. Pop into the Visitor Centre at 75 Mandurah Terrace, visit www.visitmandurah.com or phone 9550 3999.

THE PEEL REGION

For a quick weekend getaway from Perth, the Peel region offers any type of adventure, anytime of the year. Adventures range from a stroll through wildflower gardens to high speed jet skiing on open water. Try golf, four wheel driving, enjoy a glass of the finest Shiraz or cast a fishing line. The Peel Region covers the historic towns of Serpentine, Jarrahdale, Murray, Waroona and Boddington. For more information visit www.visitpeel.com.au

SWAN VALLEY

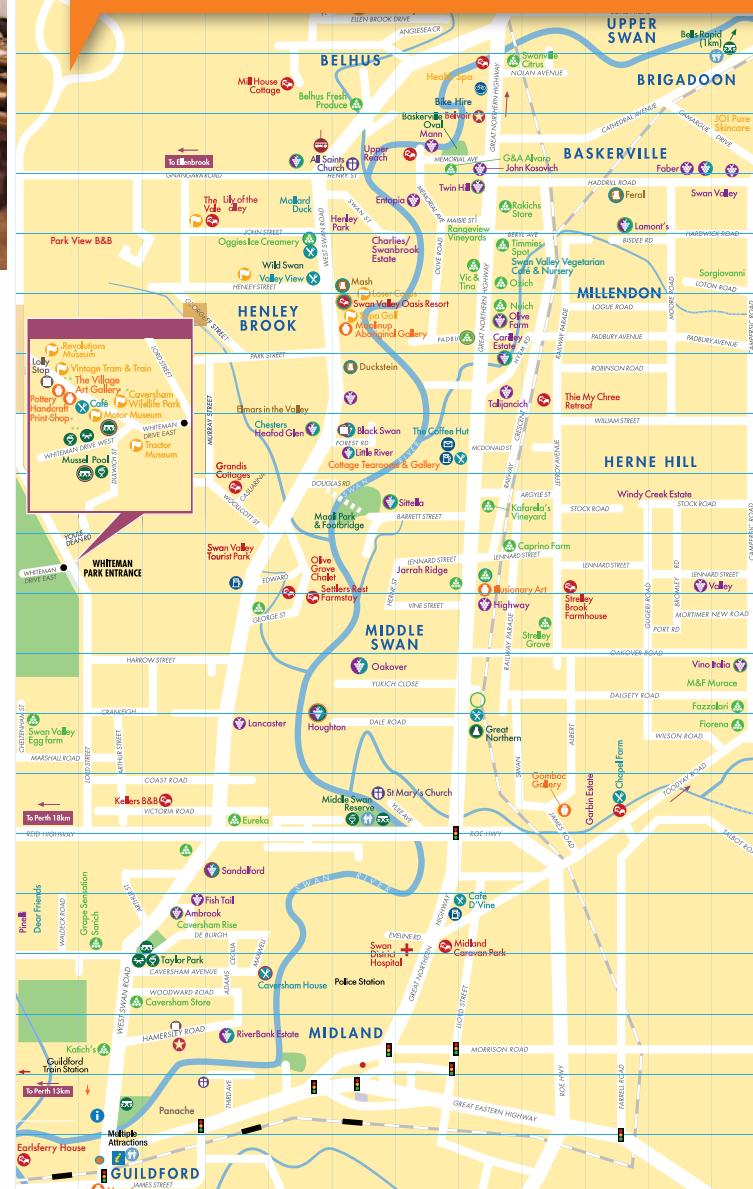

Within an easy 30 minute drive east from Perth lies the historic wine region of the Swan Valley, well known world wide for its award winning wines. The region is built on a unique history and heritage blending Indigenous, pioneering colonial and southern European roots. Nyoongar

Aboriginal people have inhabited the region for at least 40,000 years, and are the traditional owners of the Swan Valley. Captain James Stirling first sighted the Valley in 1827, and quickly realised the Valley's rich and fertile soils would sustain settlement and the first agricultural ventures by colonial settlers began in 1829. Southern European migrants arrived in the Swan Valley after World War I and then again after World War II, drawing upon their wine making skills from home to help make the Swan Valley what it is today. It's proudly the oldest wine region in WA and you can follow a 32 kilometres loop to enjoy wineries, breweries, restaurants, cafes, arts, crafts, museums and shop for fresh produce.

See the Swan Valley Map opposite for a huge choice of wineries and restaurants. Sample free tastings of wines, local produce such as olives, cheese, coffee and chocolate. Drop into the Swan Valley Visitor Centre, corner of Meadow and Swan Streets Guildford. Open seven days.
